

NOTICE to COMPETITORS

Number: Jury 01	Date: 30 Nov 2022	Time: 18:00
Title: To all competitors		
Subject: Opportunity to Join the Jury or Observe Hearings		
From (Committee): International Jury		

The International Jury welcomes any competitor or support team member who may wish to have some experience of the work of an International Jury to join us provided there is no conflict of interest (a hearing based on a request from a boat in your class, for instance.)

It is not always possible to find a place on the Jury for hearings due to space and the requirements within the rules to maintain an International Jury, but we will be as open as possible.

Observers are always welcome at hearings when we have available space in the hearing room and we would welcome the opportunity to discuss most cases with you after the hearing when we would be able to explain the rules and how they were applied. We must point out that recording hearings is not permitted.

Please feel free to contact any member of the International Jury if you are interested.

John Doerr IJ
Chair, Kings Cup 2023 International Jury
